SECRET

As for Mr Selyanov - never heard of him.
Not aware that Annette Kleskina had
married for a short time

Source has never heard of LHO prior to
defection & has no info regarding the
Radio Moscow interview in late '59.
However, it was not unusual to
conduct this kind of interview & Joe
Adams could have suggested the
taping of an interview. Tape would
not necessarily be used for broadcast
& decision made by program director, not
interviewer.
